TOWN ORDINANCES

As everything starts growing this summer, please keep in mind that the following town ordinances should be adhered to in regards to lawn maintenance:

If you are physically unable to accomplish some of the above, please be aware we are putting together the Koppel Cares Workforce to assist residents with keeping our town looking good this summer! See Koppel Cares Workforce section for more information.

COOLING STATION AT KOPPEL VFD HALL

In the event of high heat index, the Koppel VFD is available to residents as a cooling station. The Koppel VFD Facebook page will be providing updates about when this service is available, so keep an eye out for that if you have any issues this summer. If you have an immediate need, please call the non-emergency police number for Koppel (724-775-0880).

FIRE DISTRICT

Koppel and several local municipalities have been working on the creation of a Fire District to better serve our communities. It is our expectation that joining this district will provide quicker response times, better training and equipment, better access to grant funds, and lower risks of property damage in Koppel and surrounding areas.

We have already seen benefits from working closely with the Beaver Falls Fire Department, and joining in this Fire District with them will only serve to benefit us all. Our participation in this Fire District will officially begin XX DATE.

We would like to assure residents that every effort will be taken to absorb the cost of this improved service without any effect on your current taxes.

GARBAGE PICKUP DAY IS MOVING!

Starting June 3, Garbage pickup day will be **MONDAY** for all streets in Koppel!

GARBAGE SERVICES

As a reminder, garbage pickup day moved to Mondays as of June 3.
